Social Studies K-5

Welcome to the **National Geographic School Publishing Social Studies** catalog for North Carolina schools. The purpose of this catalog is to provide you with a collection of titles from National Geographic that best supports the objectives in the **North Carolina Social Studies Standard Course of Study**. All titles have been carefully selected by North Carolina literacy experts familiar with leveled texts that support content instruction in the classroom. The resulting grade-level sets include on-grade level texts as well as above and below-grade level readers for the differentiated needs of the students.

The following supports and resources are available to purchasers:

- “Teacher Notes” in the front of each student book
- Free downloadable teacher’s guides at www.ngschoolpub.org
- Options for ordering classroom sets of all titles in six-packs, single copy sets, and individual six-packs
- Language, Literacy & Vocabulary titles with Audiolessons on CD for English Language Learners
- The correlation to the NC Social Studies Standards which may be found on our website, www.ncliteracyresources.com
- Product Inservice Training and Professional Development for large orders

Our state team at NC Literacy Resources can help you with:

- Previewing texts by bringing our “preview tub” of grade-specific titles to your district for all schools to view
- Sending you sample books
- Creating proposals and customized order sheets
- Helping you to place your order and track shipments
- Selecting texts for literacy needs, Science or Social Studies content, or to help support English Language Learners
- Getting started with your bookroom or adding to your bookroom
- Building classroom libraries

This chart will help you compare the leveling used in Windows on Literacy with other frequently used leveling systems, such as Reading Recovery, DRA, and guided reading.

* This table roughly illustrates how Windows on Literacy levels correlate to other leveling systems and to grade levels. This leveling correlation is presented for general comparisons only. All levels are approximate and are subject to change.

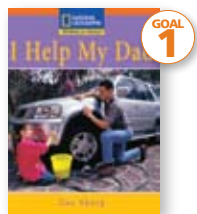

“Learners at every age, from kindergarten on, need to learn to navigate the informational texts that permeate our world. When concepts are accessible and scaffolded by explicit instruction, language and literacy flourish . . . laying the foundation for lifelong learning.”
